5. Visitor, Jim Langford: Head of the Coosawattee Foundation. Gave a discussion of the history of the legislation put forth by the foundation. Today he presents an archaeological site, near Cartersville, an early occupation site down river from Etowah. On private/commercial land, supportive landowner, etc. A pit with human remains was discovered recently. The land will continue to be disturbed. The Foundation advocates removing the remains to ensure that they are no longer disturbed by cultivation. Photographs presented to the council. The Foundation proposes to take control of the remains, to prevent further disturbance or looting. The Foundation will also keep the remains at the University of Georgia. The plan is to remove the burial Saturday 11/16/2013. McCormick requested that Langford report back in January. *Update:* None.
